LBNL’s Heat and Power Systems Group is looking for students to assist in literature or experimental based combustion research.

This opportunity will allow for possible LBNL report publication, a big boost for grad school and job applications.

Minimum Requirements:
- Junior or Senior undergraduate, or graduate student standing
- 3.2 GPA and above
- Able to commit to 9-12 hours per week
- Laboratory and hand tool experience required for experimental research consideration

If interested, please send a cover letter, unofficial transcript, resume, and writing sample to heatandpower@lbl.gov.
