The Department of Naval Architecture and Marine Engineering at the University of Michigan, Ann Arbor, invites applications for two full-time, tenure track, faculty positions at the assistant, associate, or full professor level.

The department seeks applicants for two positions with the following areas of research emphasis:

1. acoustics and vibration, marine structures, marine hydrodynamics, marine design, fluid-structure interactions, marine engineering,
2. autonomous vehicles, electrification, control and dynamics, condition monitoring, distributed systems, sensing, and navigation with applications in marine platforms and vessels.

Candidates are required to have a doctoral degree in a relevant discipline. The successful candidate is expected to establish an independent research program and to contribute effectively to the department’s undergraduate and graduate teaching programs. The College of Engineering is especially interested in candidates who can contribute, through their research, teaching and/or service, to the diversity and excellence of the academic community.

**Application Materials**

Applicants should send a curriculum vitae, a brief statement of present and future research plans, a statement of teaching experience and interests, and the names of at least three persons who can provide letters of recommendation. Materials should be submitted to

https://deptapps.engin.umich.edu/fsv2/candidate/?search_id=15

All applicants will be acknowledged. Applications will be considered as they are received. However, for full consideration, applications must be received by December 1, 2017.

The University of Michigan is a non-discriminatory/affirmative action employer and is responsive to the needs of dual career families.
