**Tenure-Track Faculty Position in Dynamic Systems and Control**

The Mechanical Engineering Department at [http://www.utrgv.edu/mece/](http://www.utrgv.edu/mece/) at the University of Texas Rio Grande Valley (UTRGV) invites candidates to apply for a tenure-track faculty position in Dynamic Systems and Control. Candidates at the Assistant Professor level (tenure-track) position will be considered based on demonstrated potential to enhance the teaching, service, and research capabilities of the Mechanical Engineering Department.

Applicants must have a doctorate in mechanical engineering or related fields with a concentration in dynamic systems and control including robotics, autonomous systems, multi-agent dynamic systems, advanced mechatronic systems and electric vehicles. They must show evidence of a sustained peer-reviewed publication record, have experience or strong interest in teaching and mentoring students, and have a strong commitment to scholarly collaboration with faculty within the College and University. Applicants are expected to have excellent oral and written communication skills.

Duties involve teaching at both undergraduate and graduate levels in dynamics and control, introducing new courses in the applicant’s respective field of expertise, developing an externally-funded research program, supervising and mentoring both graduate and undergraduate students, and engaging in professional societies and university services.

The anticipated starting date of employment is September 1, 2018. This position is a 9 month appointment. Application must be submitted via the UTRGV application portal at [http://careers.utrgv.edu](http://careers.utrgv.edu). Please complete all sections on the application. If you are applying for the first time please complete all biographical information including address, email and phone. You may update this at any time by selecting to edit your profile in the application.

Electronic applications must include 1) Letter of Interest, 2) Curriculum Vitae with list of publications/grants, 3) Statement of Research Objectives and Teaching Philosophy, 4) List of (3) References, and 5) Unofficial Transcripts. **Faxed or emailed applications will not be accepted.**

The review of applications will begin on November 15, 2017 and the search will remain open until the position is filled. Salary of the position will be commensurate with qualifications and experience.

University of Texas Rio Grande Valley is an emerging research university located in the heart of Rio Grande Valley, Texas, where students from all backgrounds are offered high quality education. UTRGV is committed to excellence, collaboration, integrity, diversity, and providing exceptional educational opportunities to preparing students for success in a diverse, global society. UTRGV encourages applications from women, people of color, and other underrepresented people. UTRGV is an affirmative action/equal opportunity employer.
