

Full-Time and Internship Positions Engineering Students

Overview:

DMG North sells custom engineered mechanical equipment for the Heating, Ventilation, and Air Conditioning (HVAC) industry. Every building requires HVAC, which makes it a great career for graduate engineers. At DMG North, be a technical expert as an Inside Sales Engineer, or work toward becoming an Outside Sales Engineer, so you can work directly with engineering consultants and mechanical contractors to deliver innovative HVAC solutions. Help building owners save water and electricity by teaching them to apply the latest technology.

Candidates for a career at DMG North should:

- Be organized – manage numerous daily and long-term projects
- Take pride and ownership in everything you do
- Attain highest levels of customer service
- Solve problems
- Excel amidst adversity
- Thrive in a team environment

Qualifications:

- Two years or more toward a 4-year degree in Mechanical Engineering or a related discipline
- Detail-oriented
- Excellent verbal and written communication skills
- Computer proficiency (Microsoft Office, CRM Software)
- Effective communication in both technical and non-technical conversations

Required Education:

- 2 years or more toward a 4-year degree in Mechanical Engineering or a related discipline
- Bachelor's Degree

DMG has offices in Los Angeles, San Diego, San Francisco Bay Area, Santa Barbara, Hawaii, Sacramento, Fresno, Reno, and Arizona.
